

MUNICIPALITY OF MONROEVILLE

COUNCIL WORK SESSION

MARCH 9, 2017

MINUTES

The meeting was called to order by Mayor Greg Erosenko at 7:12 p.m. immediately following Citizen's Night.

ROLL CALL

The following were present: Mayor Erosenko, Linda Gaydos, Nick Gresock, Ron Harvey, Jim Johns, Paul Caliarì, Steve Duncan, Tom Wilson, Tim Little, Robert Wratcher, Paul Hugus and Joe Sedlak.

EXECUTIVE SESSION ANNOUNCEMENT

Council conducted an executive session for personnel and litigation reasons prior to the Citizen's Night Meeting from 6:30 to 7 p.m. Council legislative action, if any, shall be taken at the March 14, 2017 Regular Council Meeting.

PUBLIC HEARING ON HOME RULE CHARTER REVISIONS

Mr. Wratcher declared this the time and date for the advertised public hearing for comments on the proposed revisions to the home rule charter. He reported there is a report on the municipal website and the following members of the board were present: Messrs. Gordon, Ritter and Kucherer. He encouraged comments on any of the proposed revisions.

No one came forward to make comment at this time. Whereupon, Mr. Harvey duly made a motion to close the public hearing on the home rule charter and Mr. Caliarì seconded it. Upon a voice vote, the motion carried unanimously.

Dr. Gresock explained that the ad hoc review board made their recommendations to council and the document is on line for public disclosure. He suggested a hard copy should be at the library and senior center. He explained this is the first of two public hearings and after the second one council has to decide whether or not they agree with the changes. He stated then council has to determine what questions should be placed on the ballot for the subsequent elections. Mr. Harvey felt that the question of what goes on the ballot and when could be debated for a long time. He questioned whether the ad hoc board should suggest what goes on the ballot in November. Dr. Gresock explained the ad hoc board has been dissolved unless council continues them but they could be called to make suggestions to point council in the right direction. Mr. Harvey indicated that he reviewed the information submitted to him but he is uncertain what should be considered first. Dr. Gresock suggested the two public hearings have to be held, council has to agree on what changes to make and then it has to be determined what questions should be included first. Further discussion ensued. Mrs. Gaydos inquired whether everything could be submitted at once and Mr. Wratcher explained that the length of the questions

depends on the number of characters permitted. Dr. Gresock pointed out that too many questions at once would not pass and reported seven were passed in 1997. He recommended the questions be prioritized and the deadline is August 8, 2017 to submit it to the county for the November election. He reported that would give council ten meetings to discuss it to make sure it is done properly.

Mr. Harvey recommended the ad hoc board make suggestions for a portion of it for council to discuss and agree upon then it can be placed on the ballot. Mr. Duncan agreed that the ad hoc board should prioritize five or six issues to be submitted to the election board. Dr. Gresock explained per ordinance council has to accept or deny the recommended changes of the board.

Mr. Dave Kucherer, Chairman of the Home Rule Charter Ad Hoc Review Board, came forward to give a brief overview. He felt the document submitted to council is a reflection of the great ideas and suggestions of the people on the committee. He explained how they tackled the legal issues first and he pointed out two sections that need amended and one section that needs to be repealed. He stated the entire article on recall is totally illegal. Mr. Harvey questioned whether that is because the state has a law that says something else and Mr. Kucherer agreed. He added it is the Pennsylvania Constitution and he cited Section 2109 in the Home Rule Charter that addresses the proper method of removal of civil officers. He explained how that was included by the original government study commission that was part of their recommendation. He pointed out recall was not included in the original home rule charter but there was an active citizens group that came forward that wanted it included against the mayor's and council's objections. He referred to case law and indicated that the Pennsylvania Constitution already established the fact that two thirds of the senate has to approve the removal of a civil officer which is already in the Pennsylvania Constitution and the voters approved it. He explained there are now two conflicting issues: one is a section and one is an article. He stated one is the legal way of removing an elected official and the other is an illegal way of removing an elected official. He further explained how council had to explain how recall was illegal. He suggested that is one of the first recommendations of the ad hoc review board that needs to be repealed.

Dr. Gresock explained that even though it is in the Pennsylvania Constitution, it is illegal and in the home rule charter, it might not pass if it is put on a ballot question. He felt council needs to educate the public before it is placed on the ballot. Mr. Harvey inquired whether something illegal needs to be voted on and Mr. Wratsher answered affirmatively. He explained the citizens could vote it down and suggested the impetus is on the municipality and council to educate the public as to the reasons why that provision should not be in the home rule charter.

Further discussion ensued. Mr. Duncan pointed out that if that provision stays in the home rule charter it could not be acted on and everyone agreed. Mrs. Gaydos inquired if that was the only obvious issue that should be acted on and Mr. Kucherer answered negatively. He stated there are two other issues. He explained the police took the municipality to arbitration in 2007/2008 because the home rule charter stipulated that the manager was the civil service commission which was illegal. He referred to Section 2316 and explained the Court of Common Pleas mandated that the municipality adopt the regular civil service commission rules. He stated the municipality had a civil service commission but the home rule charter stipulated the manager was the civil service commission. He referred to Section 1001

of the HRC which reflects that the manager is in charge of the civil service commission then he referred to Section 2207 which says the civil service commission will perform their duties until they have exhausted all their cases then the manager takes over as the civil service commission. He suggested both of those issues need to be addressed. Further discussion ensued.

Mr. Duncan suggested this could be discussed at one of the Mayor's Round Table Discussions. He felt Mr. Kucherer could then explain the issues further and the residents would understand better. Mr. Harvey suggested eliminating the illegal issues first and Mr. Kucherer agreed. Further discussion ensued. It was the census of council to get rid of the illegal issues on the first ballot.

Mr. Kucherer referred to the other issues that were tackled which were the police chief, the manager, and the acting manager and he felt strongly these should be the next questions put on the ballot. He suggested this would stop some of the problems that have happened over the years. Mr. Harvey inquired whether the illegal things should be taken out of the charter first and Mr. Kucherer answered affirmatively. He pointed out that would include only three questions. Further discussion ensued. Dr. Gresock reminded everyone that everyone has to agree what the document is and close that portion then figure out which questions to decide. Mayor Erosenko indicated that council would discuss it for the next several months and he would have it on his TV-15 program to educate the public. Dr. Gresock also suggested for it to continue to be included on the agenda so that residents can make comment. Mayor Erosenko suggested the three illegal issues be placed on the website with an explanation of why it should be removed.

Mr. Kucherer reported that he has a small brochure from 1997 with the seven questions and an explanation. He suggested something similar could be put in the water bill for all the residents.

Mr. Ritter reported that soon residents will go to vote with the electronic machines with red buttons and text questions. He stated the residents will be asked to vote for people and issues. He felt if 20 pages of text is put into a text box, it will not fit and it has to be approved by the Allegheny County Board of Election. He agreed the issues should be available for public disclosure over the next few months. He suggested after everyone is settled on the issues then the board of elections can be requested to develop a question to include everyone. Further discussion ensued regarding how the county dictates what goes on the question. Mr. Ritter again suggested if the public is educated on both sides of the issues then the municipality would not have to wait two election cycles before the whole thing is passed. He felt the election board could write one sentence that the voter agrees with all the changes as proposed on the municipality's webpage to the home rule charter. Mr. Kucherer reported the HRC Ad Hoc Board had the solicitor inquire of the election board what information is needed. Mr. Wratcher explained the election board has the final word on how long or short a question will be on the ballot. He added they generally include more text than what is suggested. He further explained how they have a ballot that allows only so many characters which determines what can be questioned at one election or another. He stated the bigger the ballot for other issues the less room there is for questions.

Messrs. Duncan and Wilson thanked the committee for their time and effort.

### APPROVAL OF MINUTES

Council then considered approval of the minutes of the Citizen's Night Meeting of January 5, 2017, Council Work Session of January 5, 2017 and the Regular Council Meeting of January 10, 2017.

Mr. Little reported there was a discrepancy in the minutes for the Regular Council Meeting of January 10, 2017. He referred to Page 4, Second Paragraph under the vacancies on boards, commissions and authorities under the library board. He stated the phrase "Kathy Forrest from Ward Seven" was inadvertently included and should be omitted and the sentence should read, "Mr. Duncan inquired whether his nomination to the Library Board rescinded her letter." Also, Mr. Little reported that after thorough review of the minutes, there was never an actual motion made at the regular council meeting of February 14, 2017 to approve the January minutes but a roll call vote was taken. He recommended a motion to eliminate the phrase as stated above from Page 4. Whereupon, Mr. Wilson duly made a motion to amend the January 10, 2017 Regular Council Meeting minutes, to omit the phrase "Kathy Forrest from Ward Seven" on Page 4. Further discussion ensued. Mr. Duncan questioned his nomination of Katie Baumgarten to the Human Needs and Resources Advisory Board on Page 2 of the February 14, 2017 Regular Council Meeting Minutes. After further brief discussion, Mr. Harvey seconded it. Upon a roll call vote, the motion carried unanimously.

Mr. Hugus explained the applicant is taking a sliver of land from the O'Connor Property and transferring it to Mr. Balaschak's property. Mrs. Gaydos inquired whether it would enlarge the Balaschak Property with no building. Mr. Hugus answered affirmatively.

Mr. Tom Zeglin, Engineer, came forward representing the applicant. He explained they are proposing to take the land from the back yard neighbor of the O'Connell Property and add it to the Balaschak Property. Mr. Zeglin pointed out where the property line would be moved. He added all the properties will continue to be in conformance and comply with the building setback lines, lot size and front yard building setbacks.

RESOLUTIONSRESOLUTION

A resolution authorizing the distribution of grant funds for the Memorial Day Parade in the amount of \$3,200.

Mr. Caliari inquired whether this is the standard amount of funding and Mr. Little answered that is what was budgeted. Mayor Erosenko asserted more was added in the last two years and he felt \$3,200 is not enough to support the Memorial Day Parade. Mr. Wilson inquired how the \$3,200 figure was adopted and Mayor Erosenko indicated the extra \$1,800 was taken from council's budget. Mr. Duncan recommended it be done again and Mr. Wilson agreed. Mayor Erosenko recommended \$5,000 be budgeted for next year. Mr. Little indicated that would be done at budget time. Mrs. Gaydos

pointed out that they requested \$6,000 for the past three years and Mr. Johns concurred. He added it was only raised to \$5,000. Mr. Duncan clarified that the extra was taken out of council's budget.

A resolution authorizing the distribution of grant funds for the Monroeville Independence Festivities in the amount of \$10,000.

Mr. Johns explained when he became chairman they were in their last year of a contract with Zambelli for fireworks. He reported currently it cost \$17,000 for the fireworks display, \$10,000 from the municipality and \$10,000 from the Convention and Visitor's Bureau. He explained the remaining \$3,000 is barely enough money because several of the groups that perform request donations to attend. Dr. Gresock inquired whether it could be changed and Mr. Johns indicated that he has inquired. Mr. Wilson added the celebration that the municipality has brings a lot of people into the community. He felt it is a destination for people on the Fourth of July and suggested the community should do whatever is necessary to keep the event going to benefit the local businesses. Mr. Johns reported the fireworks display will be moved to the park. He reported the Fourth of July Committee is working with the Convention Visitor's Bureau to bring in entertainment and food trucks in the amount of \$5,000. Mrs. Gaydos inquired whether T-shirts were sold last year. Mr. Johns reported he talked to the gentlemen who sets up the fireworks who informed him that another community moved their fireworks in anticipation of getting 300 people to attend and got 3,000. He suggested it may be a little bit of a struggle the first year until all the details are worked out but felt it would be worth it. Further discussion ensued regarding possibly increasing the amount of the donation from \$10,000. Mayor Erosenko pointed out this is a fundraiser for the school band participation and the Shriners. Further discussion ensued.

#### RESOLUTION

A resolution authorizing the filing of application for funds with the Redevelopment Authority of Allegheny County (RAAC) in the amount of \$150,000 for the Monroeville Community Park Project.

Mr. Little reported this is for the continuation of the refurbishing of the tennis courts and basketball courts. He reminded everyone that the municipality applied for \$250,000 last year and got \$100,000. He reported the parks department is trying to stretch that to finish the project and this additional money would be used for other tennis and basketball courts in addition to the ones at the Community Park West.

Mrs. Gaydos inquired whether the park work was completed last year and Mr. Little answered negatively. He added more has to be done to complete the work. Mr. Duncan commended Mr. Estock for his efforts in obtaining the money.

Mr. Hugus reported this is similar to what was applied for last year and received. He stated it is for storm sewer lining in areas where a lot of restoration work has to be done. He added the alternative to that is the pipe lining. Further discussion ensued. Mrs. Gaydos inquired whether a location has been identified as to where the improvements would be made and Mr. Hugus answered affirmatively. He reported there is 2,400 feet of pipe proposed to be done.

#### RESOLUTION

A resolution authorizing participation in the Pennsylvania Department of Transportation Insync Adaptive Traffic Signal Implementation Project in Allegheny County along the William Penn Highway (SR0022) Corridor.

Mr. Little reported this project went from Delmont. Mr. Hugus explained that it went from Route 66 to the Cochran traffic signal and was done through the PennDOT District 12 Office. He stated this is would be done from the District 11 Office from the intersection of Routes 22 and 48 through Monroeville to Rodi Road in Wilkins. Mrs. Gaydos questioned whether this would finish off the rest of the Monroeville corridor and Mr. Hugus answered affirmatively.

#### RESOLUTION

A resolution exonerating the Real Estate Tax Collector from the collection of uncollected taxes for the Year 2016.

Mr. Little reported this resolution is passed every year for the uncollected taxes and the tax collector submitted a list. Mayor Erosenko indicated that it is a housekeeping item.

Mr. Caliari indicated there are some substantial amounts owed from businesses. He inquired whether anything can be done before it is sent to a third party tax collector. Mr. Little stated Mr. Fulkerson is the delinquent real estate tax collector. Mr. Caliari questioned whether anything can be done before it goes to court and Mr. Wrtcher explained the tax office has a program to try to collect the monies before legal action is taken. Further discussion ensued.

Mr. Wilson also mentioned there are businesses on the list that have substantial amounts of money due. He questioned whether this would be completed once council takes action on this ordinance or whether someone continues to pursue the businesses. Mayor Erosenko and Mr. Wrtcher answered affirmatively.

#### BOND ISSUE

Mr. Little mentioned how the municipality refunded the 2005 bond issue two years ago and now the 2011 and 2012 bonds that are callable in June can be refunded. He explained it depends on where the treasury rate is at the time and he reported the municipality could have refunded it at the end of February and collected \$150,000. He stated the treasury rate is going up but that has diminished and council would have to approve an ordinance in April if they want to refund those bonds. He requested authorization to advertise for an ordinance if the municipality can refund the two bond issues.

Mayor Erosenko explained that it is still appropriate to advertise it even if council does not decide to do the refunding. Mr. Caliari clarified this allows for the opportunity if it should occur. Mr. Wilson inquired how it would benefit the municipality and Mr. Little indicated that is uncertain. He briefly explained that the \$150,000 is a net report and he mentioned the cost for bond counsel, and the Moody's Report. Mayor Erosenko felt it would benefit council to pass the ordinance then council can approve it if it is appropriate. Whereupon, Mr. Caliari duly made a motion to authorize to advertise for an ordinance for the bond refunding and Messrs. Johns and Wilson seconded it.
